The following product may be used in certified organic production or food processing and handling in accordance with the Canadian Organic Standards.

## Product

Timorex Gold A Broad Spectrum Biofungicide Organic Fungicide

## Company

Stockton Israel Ltd.  
Julia Levy  
17 Ha'Mefalsim St.; P.O.B. 3517  
Petach Tikva Israel 4951447 Israel

**Status**  
Allowed with Restrictions

**Category**  
COR: Botanical Pesticides

**Issue date**  
25-Jan-2017

**Product number**  
stn-7288

**Class**  
Crop Pest, Weed, and  
Disease Control

**Expiration date**  
1-Dec-2021

## Restrictions

For use in conjunction with a biorational pest management program. Shall not be a farm plan's primary method of pest control. The least toxic botanicals shall be used in the least ecologically disruptive way possible. All label restrictions and directions shall be followed, including restrictions concerning crops, livestock, target pests, safety precautions, pre-harvest intervals and worker re-entry. May only be used if the requirements of CAN/CGSB-32.310 subclause 5.6.2 are met, which require the use of organic management practices and mechanical techniques.

*Peggy Mians*

Executive Director/CEO

Product review is conducted according to the policies in the current OMRI Policy Manual® and based on the standards in the applicable OMRI Standards Manual®. To verify the current status of this or any OMRI Listed product, view the most current version of the OMRI Canada Product List® at OMRI.org. OMRI listing is not equivalent to organic certification and is not a product endorsement. It cannot be construed as such. Final decisions on the acceptability of a product for use in a certified organic system are the responsibility of a CFIA accredited Certification Body. It is the operator's responsibility to properly use the product, including following any restrictions.

## CERTIFICATE

CERTIFICATE No: C806563INP-01.2020  
REGISTRATION No: CU 806563

Field of attention:

EU Inputs

Issued to:

**Stockton (Israel) Ltd (Former Biomor)**  
**Bet Shemesh, ISRAEL**  
**Project in: ISRAEL**

Standard:

Control Union Certifications Standards on Inputs (based on EEC 834/2007 and 889/2008)

**Valid until: 23 November 2021**

Control Union Certifications B.V. declares to have inspected the unit(s), and/or product(s) of the above mentioned client, and have found them in accordance with the standards mentioned above, and therefore can be used in the organic agriculture.

This certificate remains in force until further notice, provided that the participant continues to meet the conditions as laid down in the client contract with Control Union Certifications B.V. and verified in annual inspections by Control Union Certifications B.V.

Date of certification:  
30 August 2020  
Place and date of issue:  
Kiriath Bialik, 30 August 2020

Declared by:

On behalf of the Managing Director

Ms. I. Poltzer

# CONFIRMATION OF COMPATIBILITY

## for the use of inputs in organic agriculture

Issued to: **Stockton (Israel) Ltd.**  
**17 Ha'Mefalsim St. P.O.B. 3517.**  
**Petach Tikva 4951447, Israel.**

Document No. **A-2012-01382/2020-00654-00655/0359**

This document confirms that the commercial product

**TIMOREX GOLD**

produced and distributed by the company above mentioned have reached the following result:

The final product is compatible with organic production for use as fungicide (crop disease control), according to the requirements of

- > (EC) n° 889/2008, Annex II.1 (European Union).
- > JAS Japanese Agricultural Standard for Organic Agricultural Products (Japan) Notification No.1605, Table 2.

It is underlined that - due to the absence of a uniform interpretation of the term "equivalency" - every state authority has got the right to apply own criteria in this respect, although Kiwa BCS Öko-Garantie GmbH confirms the compatibility of the products with the requirements of EU Regulation (EC) n° 834/2007 and (EC) n° 889/2008.

The inspection and evaluation of the production process was carried out by kiwa BCS Öko-Garantie, at its offices in San José, Costa Rica. Kiwa BCS is an EU-accredited inspection and certification body, supervised by 16 German state authorities. In addition Kiwa BCS is accredited by the US authority USDA to certify according to the NOP-final Rule and as a Registered Foreign Certification Company by the Japanese Ministry for Agriculture, Fishery and Forestry to certify according to the Japanese Agricultural Standard for Organic Agricultural Products (JAS/MAFF).

This confirmation does not constitute any guarantee, neither of product quality nor of the efficiency of this product in agriculture. Kiwa BCS will not be responsible for any change of ingredients or in the labeling information which has not been properly and correctly announced by the producer of the input, who has to cover the full liability for all damages and disadvantages. This document only confirms that the use of this product in its presented character and composition, according to the criteria applied, can be considered as equivalent to the requirements in the above mentioned regulations.

It remains the obligation of the distributing company to carry out the respective legal steps for the official registration of this product. It is expressly stated that the official registration of the product in each country where it is sold, cannot be replaced by this confirmation.

### **Nota**

**Número:**

**Referencia:** Aprobación de Insumo para la Producción orgánica.

**A:** Silvina Iglesias (STOCKTON SA),

**Con Copia A:**

**De mi mayor consideración:**

Por la presente le comunico que el insumo comercial Timorex Gold N° 35871 de la empresa STOCKTON SA, ha sido aprobado para su utilización en la Producción Orgánica a partir de la evaluación conjunta entre las áreas competentes del SENASA (Dirección de Calidad Agroalimentaria y la Dirección de Agroquímicos y Biológicos) teniendo en cuenta la normativa vigente (Resolución SENASA N° 374/16) sus equivalentes y los criterios establecidos en el Codex Alimentarius para los alimentos producidos orgánicamente.

A su vez, le comunico que los productos mencionados formarán parte del Listado Oficial de Insumos Aptos para la Producción Orgánica en cuanto sea publicado en la Web del SENASA, pudiendo ser utilizado por el universo de operadores orgánicos.

Sin otro particular saluda atte.

# ABOUT US

A world leader in Botanical Crop Protection

STK is a bio-ag technology company, committed to protect crops. Our breakthrough, botanical crop protection solutions – a synergy of cutting-edge scientific research and technology – enhance the safety, yield and quality of multiple crops.

STK helps growers to deliver cleaner and healthier crops. Our botanical-based and hybrid solutions are easily integrated into conventional spraying programs, helping to advance the IPM (Integrated Pest Management) approach to growing crops. They enable everyone in the food production ecosystem to adhere to regulatory standards and support the transition to sustainable agriculture.
